Evviva is located in Beylikdüzü and consists of two blocks surrounded by green area which is more than 65%. With a view that will never be blocked, the Project has 229 apartments, being one and two apartments with garden or terrace options.

It is now possible to become one of the 229 lucky property owners if you also wish to forget the hustle and bustle of the big city, and make the most of it instead.

We did our best and planned this Project which presents its habitants a life of comfort, joy and peace. Since Evviva is not a Project of collective dwellings, the 230th person to buy shall have to wait for the next time.

Some will only offer you four walls as a house...
